EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with W. Warren Taltavull, Attorney of Record, on November 20, 2006.

The application has been amended as follows:

In the Claims:

Claim 5 is canceled.

In claim 6, line 1, "5" has been changed to -- 8 --.

In claim 7, line 1, "5" has been changed to -- 11 --.

Claim 9 is canceled.

Claim 10 is canceled.

Claim 5 has been canceled because it fails to further limit claim 8, from which it depends. Claim 6 has been amended to depend from claim 8 as a result of this cancellation. Claim 7 has

Art Unit: 3745

been amended to depend from claim 11, because the feature in claim 7 of the constriction being by tangential displacement towards the center of the casing is excluded by the constriction of the casing being by a single cuff, as recited in claim 8, from which claim 7 indirectly depends.

Claims 9 and 10 have been canceled because these claims pertain to constriction by selective cooling of the casing and closing the gap by axial displacement of casing segments mounted on an eccentric rotation arrangement, respectively, both of which are excluded by the constriction of the casing being by a single cuff, as recited in claim 8, from which claim 10 indirectly depends.

Additionally, claim 9 depended upon canceled claim 1.

It is noted that the objection to the specification as failing to provide antecedent basis for the subject matter of claims 21 and 22, as set forth in the Office action of July 19, 2006 is withdrawn, since the claims were amended to obviate this objection (see the Amendment of February 16, 2006).
